Idaho State Employees Charitable Giving Campaign 2004 - 2005

The official charitable giving campaign managed by your fellow state employees

Message From the Governor

Dear Fellow State Employees,

The dedication and commitment of Idaho's state employees is a source of great pride to me.

Perhaps the best example of this dedication are the generous contributions our state employees make year after year.

The \$360-thousand dollars contributed to our annual giving campaign in 2003 is just one way you have made this investment. I'm confident we will exceed that amount this year.

Once again this fall, state employees have the opportunity to contribute to the annual State Employees Charitable Giving Campaign.

This year, we've improved our online pledge system, reducing administrative costs so more of your contribution goes directly to the charities and their important work.

I encourage all of you to participate in this year's campaign, "Compassion in Action," and continue the tradition of state employees making a difference in people's lives and communities.

Thank you for all you do for Idaho.

Sincerely,

A handwritten signature in dark ink, reading "Dirk Kempthorne". The signature is fluid and cursive, with a long horizontal stroke at the end.

Dirk Kempthorne
Governor

About Your Campaign

The Idaho State Employees Charitable Giving Campaign is the result of Executive Order 2000-08, issued by Governor Kempthorne. This Executive Order provides:

Opportunities for employees to contribute to their community through nonprofit organizations of their choice

Appointment of a campaign leadership team of state employees who establish policy and govern the campaign

Campaigns will minimize workplace disruptions and administrative costs to taxpayers

Campaign Administration

Through a Memorandum of Understanding, your campaign leadership has selected United Way of Treasure Valley for this year's campaign administrator and fiscal agent. Through outstanding coordination between the Idaho State Employees Charitable Giving Campaign Leadership Team and United Way of Treasure Valley, we are pleased to continue to offer low cost, on-line pledging. The reduced campaign costs mean more of your gift goes directly to help charities. This year's Idaho State Employees Charitable Giving Campaign will have a 7% processing fee. Local United Way agencies across the state may add a pledge loss percentage appropriate to their local area. Each charity designated to receive money is notified at the conclusion of the campaign of the amount they are to receive. Donations are distributed quarterly.

Other Federations do have agreements with their members to take a small part of donations to cover administrative expenses. This year -- Idaho's Choice in giving and community shares aka Choices in Community Giving -- will be 12 %. Global impact aka International Service Agencies -- also 12 %. Agencies who belong to the federation or association choose to be- cause it helps them reduce their own overhead costs. Member agencies consider the federation/association as extensions of their internal fundraising staff.

By partnering with federations/associations, charities avoid costs associated with advertising, direct mail, and telephone solicitation. More of any dollar donated to the charity goes to its mission when fundraising costs are minimized.
